RE: CRASH IN SHARE MARKET IN THE COUNTRY

SHRI GURUDAS DAS GUPTA (West Bengal) : Madam, today's newspaper is carrying a report that there is a crash in the share market all over the country and as per the press report, the prices of the shares are down by 570.42 points in one day. It is not a Bombay phenomenon. It is everywhere in the country. Madam, when the prices of share were rising, we had given warning on a number of occasions to the Government that this boom in the share market is artificial and speculative in nature; therefore, somethig must be done to protect the interests of the common investors. Our warning has gone in vain. Now the situation is like this. This crash will lead to a serious loss to the common investors who had been made to believe that they could make money and become rich overnight. The psychology was generated because of the new Economic Poilcy that the Government had undertaken. .... (*Interruptions*) ....

THE DEPUTY CHAIRMAN : I will allow you. Mr. Jagesh Desai ....

SHRI GURUDAS DAS GUPTA : Madam, I am giving an example. Everyone knows in West Bengal that the shares of a factory which was closed for four years were sold in the market at a premium. Therefore, there was a speculative rise, but the Government had not taken care of it. When the price rise, the speculators gain, but when there is a decline, it is the common investors who lose. Therefore, the most important point that has come to notice is that the speculation in the sare market was triggered off because

of the investment of funds by a number of nationalised banks. A number of nationalised banks have invested their funds and this rise in the share market was because of the speculation as a number of nationalised banks are playing their role in it. It is not the common people, it is not the speculators, it is not the private sector which are responsible. The nationalised banks have played the role. Therefare, Madam, I want the Govenrment to issue a statement. Not only a statement but immediate measures must be taken to correct the situation in the share market. If something is not done this decline in the share market will take the form of an economic catastrophe—an economic catastrophe which will have serious impact on the common investors. I can tell you, Madam, even the price of UTI shares is crashing. It is terrible; it is ominous and I accuse the Government, particularly Dr. Manmohan Singh and his economic policies for this situation. (*Interruptions*) ....

SHRI SURESH KALMADI (Maharashtra): Madam .....

THE DEPUTY CHAIRMAN: I will allow you Let me allow Mr. Jagesh Desai. I have promised him. I promise I will allow you. (*Interruptions*) .... Let me allow Mr. Jagesh Desai. I will keep my word. I will alloy you (*Interruptions*) .... I will allow you, please.

SHRI SURESH KALMADI: On the same issue?

THE DEPUTY CHAIRMAN: Yes, on the same issue. But I will request everybody to be a little brief. Let us have a depreciation in our time also. (*Interruptions*) ....

SHRI JAGESH DESAI (Maharashtra): Madam ...

SHRI SURESH KALMADI: Madam, the concern that Mr. Gurudas Das Gupta has expressed is quite justifiable in the sense that today's and yesterday's newspapers have reported that Rs. 600 crores of the State Bank of India have been diverted for purchase of shares. One person, whose name has come in the *ECONOMIC TIMES* today, Mr. Harshad Mehta, has cornered all this Rs. 600 crores from the SBI for manipulation of purchase of shares. I think, the whole House is concerned about it. This is the status of taking money from one nationalised bank. I don't know whether this person has taken money from other nationalised banks. This is only one person. There must be a hundred others who have also taken money from the nationalised banks and other banks to manipulate in the shares. It is a very serious matter. If the economy has been boosted in this manner by this fraud perpetuated by a nationalised bank, there should be a full-scale enquiry. Especially when a public sector bank, the State Bank of India, gives Rs. 600 crores to one person, Mr. Harbans Mehta, and enquiry should be instituted and the Finance Minister should make a statement in the House today itself. It is a serious matter. If the statement is not given the share market might crash further. So, corrective steps should be taken by the Government today itself. (*Interruptions*) ....

THE DEPUTY CHAIRMAN: Mr. Desai, do you want to say something? (*Interruptions*) .... Just a minute.

आप सब कतार में हैं, कृपया थोड़ा रुकें .... (व्यवधान)

SHRI GURUDAS DAS GUPTA: The whole House is unanimous. The Government must take action. (*Interruptions*) ....

SHRI JAGESH DESAI: Madam Deputy Chairman, I will give some figures by which the shares have fallen. The price of ACC share, which was Rs. 8,500 the day before yesterday, has gone down to Rs. 6,200. The fall is by Rs. 2,300 in one day on one share. The Mazagaon Industries' share has gone down by 38%. There are many other shares which have gone down by 15% to 25%. Why has this happened? An enquiry should be made in this respect. The SBI has purchased Government securities. When the securities are purchased they have to be transferred. But they have not been transferred. The bulls are manipulating and only one broker

[Sh. Jagesh Desai]

has done this deal. I don't want to give his name. A full-scale enquiry should be made and we have to see that the Government must make a statement. It is the common men who are affected. The common men had withdrawn their deposits from the banks and invested them in the shares. They will lose confidence in share market and such the Government must take prompt action to correct the situation and keep a vigil on the share market. (*Interruptions*) ....

SHRI SURESH KALMADI: Madam, we want a statement from the Government today itself. (*Interruptions*) ....

SHRI DIPEN GHOSH (West Bengal): Madam, I want to talk on the same issue. Will you permit me? (*Interruptions*) ....

THE DEPUTY CHAIRMAN: I will allow you before I take up Special Mentions. (*Interruptions*) ....

SHRI DIPEN GHOSH: Madam, our apprehensions have come true. We have forewarned the Government while taking part in the Budget discussions. When the Union Minister was gleefully pointing at the increasing animal instincts in the stock market, we forewarned the Government that a catastrophic outcome was going to come. Madam, my colleague, Mr. Kamal Morarka—he will please remember—had stated that when the stock market goes up, the speculators earn more and when the stock market goes down, the investors go down.

THE DEPUTY CHAIRMAN: Mr. Ghosh, the Special Mention of Mr. Kamal Morarka is pending for the last two days on the same matter.

SHRI DIPEN GHOSH: I am reminding that both I and Mr. Kamal Morarka while taking part in the discussion on the Budget forewarned the Government of this outcome. Today it is because of the Government's Economic Policy and the Finance Minister .... (*Interruptions*) .... animal instincts are prevailing in the stock market. (*Interruptions*). So, let there be a inquiry commission. The Finance Minister should come out with a statement. Let there be a commission of inquiry. How the money from the State Bank, how the money from the nationalised banks ....(*Interruptions*).

THE MINISTER OF STATE IN THE MINISTRY OF PARLIAMENTARY AFFAIRS AND THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI M.M. JACOB): I shall inform the Finance Minister and come back .... (*Interruptions*).

THE DEPUTY CHAIRMAN: Let me allow Mr. Kamal Morarka to say something because he has got a Special Mention on the same subject.

SHRI DIPEN GHOSH: Let there be a commission of inquiry. (*Interruptions*).

THE DEPUTY CHAIRMAN: Mr. Ghosh, please allow other colleagues to speak. He has got a Special Mention for two days. He could make it on the same subject.

SHRI KAMAL MORARKA (Rajasthan): Madam, the matter is very serious. I have not made my Special Mention. Now that this matter has been raised in the Zero Hour, I participate in this. I want to draw the attention of the Government on two distinctly different issues. One issue is, the sudden crash of the stock market. Madam, I don't shed tears on whether the stock market up or goes down. But let us understand one thing, about the policy of the Government when institutions were created like the Unit Trust of India at the time of Pandit Nehru and Shri T.T. Krishnamachari.

The whole idea was to lend stability to the stock market so that small and middle class investors don't suffer. Today, in this euphoria of new Economic Policy these institutions have been swept aside. The so-called market forces have been taken over by a new word, the 'bull operator'. One 'bull operator' has been widely reported in the press. I don't want to make the name because we will be giving undue credibility to people which the Parliament should not give. (*Interruptions*). Mr. Kalnadi, sit down. Your Government is a

fraud. You sit down. Madam, this kind of a thing should stop. The rumours floating have been that this 'bull operator' has been using a particular politician's money. I am not naming all that. If you go into names, nothing will stop. But what I am concerned with is the fundamental issues. One is whether the Finance Ministry thinks that it is its duty to intervene for the stability of the market, at whatever level it wants the market to remain. The Government cannot escape from that duty. The Government is not an uncontrolled economy. Madam, the second point which is very, very important, is, if it is true, as reported in the press, that this particular 'bull operator' has been able to use Rs. 600 crores of the State Bank of India's money in the stock market—it is a different ball game—that means a massive fraud has been perpetrated on the Government of India. I read in the press that after the CBI inquiry four people of Maruti Udyog have been prosecuted for selling 13 Maruti cars. The CBI should not be used so perversely Madam, such a massive fraud has been undertaken. The Government must come forward and ask either the Reserve Bank of India or the CBI or any other appropriate enforcement agency to immediately go into this matter and find out who is responsible for the fraud of Rs. 600 crores. Rs. 600 crores is a very big amount. Six hundred crores of rupees of the State Bank of India's money has been manipulated by one individual on the basis of what is known as the banker's receipts which are supposed to be issued in totally different circumstances. It is a fraud and the whole House is seized of it. The Finance Minister must come and give us a statement and he must order an appropriate enquiry at the highest level. I do not know what kind of a probe. I don't want to induct CBI into banks. It is an arch scam in post-independence period. For a much smaller amount of a few crores of rupees in Mundhra scandal, Mr. T. T. Krishnamachari had to resign. I am not suggesting that the Finance Minister must resign. But the Finance Minister must take constructive responsibility. If 600 crores of rupees of the State Bank's money has been misused, the constructive responsibility of the Finance Minister cannot be It is a matter which concerns the whole country. We are discussing much smaller issues everyday.

(*Interruptions*)

THE DEPUTY CHAIRMAN : Let us make a habit that when he is making his point .... (*Interruptions*) .... Yes, Mr. Salve .... (*Interruptions*) .... Mr. Gupta, I have allowed you.

SHRI GURUDAS DAS GUPTA : Let the Leader of the House react .... (*Interruptions*).

THE DEPUTY CHAIRMAN : I know you did. But the thing is .... (*Interruptions*) Will you please .... (*Interruptions*) I know you have been raising .... (*Interruptions*) Will you please listen to me ?

SHRI DINESHBHAI TRIVEDI (Gujarat) : I will definitely yield to Mr. Salve. But at the same time I have been raising my hand.

THE DEPUTY CHAIRMAN : Please yield to me.

SHRI DINESHBHAI TRIVEDI : If you don't want me to speak, I won't speak. But this is not fair. When I have been raising my hand and in the meantime suddenly somebody else raises his hand, you give him a chance. I will yield to Mr. Salve. But this is not fair as far as the House is concerned.

THE DEPUTY CHAIRMAN : Will you yield to me ?

SHRI DINESHBHAI TRIVEDI : I will certainly. I have always yielded. In this House propriety doesn't work. I am so sorry. Only when I raise my voice, do you call me. I am sorry to say that.

THE DEPUTY CHAIRMAN : I am happy that you are sorry for something at least.

SHRI DINESHBHAI TRIVEDI : I am a very sober Member. But only when I have shouted, I have got a chance. I have been sitting and raising my hand.

SHRI BHADRESWAR BURAGOHAIN (Assam) : Back-benchers should not be neglected in the House.

THE DEPUTY CHAIRMAN : Just a minute. I have to make an announcement. Please listen to me .... (*Interruptions*) You have to hear me. Unfortunately, I am in the Chair. You have to suffer me. We have a Constitutional amendment. I want the Members who are agitated to make very short speeches. You can't make big speeches. Say just one sentence and finish it off. Mr. Salve will yield to you. You say that you are very agitated. Say something.

SHRI N.K.P. SALVE (Maharashtra) : I am agreeable to you. Let them speak. Let me be the last one.

THE DEPUTY CHAIRMAN : You are all always agitated. Don't waste the time.

SHRI DINESHBHAI TRIVEDI : The matter is so serious. The entire economy depends on them ....

THE DEPUTY CHAIRMAN : Don't behave like this. I have never worked under pressure and I can never work under pressure. Don't do that to me.

SHRI DINESHBHAI TRIVEDI : The reason for my agitation is the entire economy, the entire Budget, is dependent on the capital market. The hon. Finance Minister, when we expressed our apprehensions, said that if the share market was going up, that was a reflection of the economy. Now that the share market has crashed, does it mean the reverse, that the people have lost faith in the economy of the country and on the Government ? The second point is that the Government has to augment Rs. 50,000 crores. For example, under the SEBI, Rs. 5 lakhs has to be paid by the members of the Stock Broking Community and on the second day of they have to pay 2½ lakhs and then Rs. 50,000. We are not "Banana Republic'. We have institutions. We value those institutions. I just want to submit that we have to sitck to the foundations laid by Jawaharlal Nehru and Gandhiji, like what Mr. Morarka said. And the Finance Minister must correct the situation.

(*Interruptions*)

THE DEPUTY CHAIRMAN : He said it. He is going to contact the Finance Minister. Until and unless the Finance Minister. comes before the House, we can't start a discussion on it.

SHRI SUBRAMANIAN SWAMY (Uttar Pradesh) : But we can raise the issue and it can go to the Finance Minister

SHRI DIPEN GHOSH : It is an important issue. The Leader of the House is here.

THE DEPUTY CHAIRMAN : I am sorry, Mr. Dipen Ghosh. I gave you permission to speak. You keep on getting up at the cost of the Members sitting in the back benches and they get angry with the Chair .... (*Interruptions*) .... I have allowed you and yet you keep on getting up and the Members get angry with the Chair. So, please keep quite .... (*Interruptions*) .... I would request you not to interrupt. Yes, Mr. Minister.

THE LEADER OF THE HOUSE (SHRI S.B. CHAVAN) : Madam, ...

SHRI N.K.P. SALVE : Madam, before the Leader of the House reacts, I may be permitted two minutes' time.

THE DEPUTY CHAIRMAN : Yes.

SHRI N.K.P. SALVE : Madam, I agree with the very major crucial issues raised by Mr. Kamal Morarka, with his very rich legacy received from his father, my friend, in the matter. I am glad that he has pinpointed some of the issues very correctly. But the crash that has come about has absolutely nothing to do with the economic policies. Let me be clear. .... (*Interruptions*) ....

SHRI SUKOMAL SEN (West Bengal) : No. .... (*Interruptions*) ....

SHRI N.K.P. SALVE : It is due to a fraud, if you understand it .... (*Interruptions*) .... It is a fraud perpetrated by the Bank and a fraud could have been committed of this nature whatever might have

been the economic policy. That is number one.

Number two, Madam, if so much money had been put through so recklessly because of the operations of the bulls, because of the speculators and gamblers, it was for the Finance Minister sitting here to arrest it and to put an end to what was happening. In a particular forum, when I raised it, I was told that the people had so much money that the market will not crash. Now, what kind of an approach is this ? .... (*Interruptions*) .... Where does the money come from ? .... (*Interruptions*) .... Will all of you please listen to me ? .... (*Interruptions*) .... Madam, where does the money come from ? It has come from this kind of a source absolutely through a fraud perpetrated by some people. I do not want to name them and it would not be fair to name them unless it is properly inquired into. But I want to submit one thing with regard to this crash. My PS came to me and requested me saying, "I want to borrow some money from my PF to buy some shares.". Fortunately, he came to me and I said, "Don't be a fool.". Another client of mine came and said, "I have some shares. What do I do with them ?. I said, "Sell them. You will buy them later at one-fourth the price.". He sold his shares and made some money .... (*Interruptions*) ....

SOME HON. MEMBERS : Good advice .... (*Interruptions*) ....

SHRI N.K.P. SALVE : When I am sitting here, Madam, when I give advice, I do not look at the foolhardiness of the Government or its neglect. I look at the interest of the client .... (*Interruptions*) ....

SHRI KAMAL MORARKA : Your advice was based on the foolhardiness of the Government ! .... (*Interruptions*) ....

SHRI N.K.P. SALVE : Madam, the matter is very serious .... (*Interruptions*) .... Madam, the matter is very serious. This kind of an attitude, this kind of an approach, shows a criminal dereliction, I must submit, Madam. And, for a much lesser offence, he has rightly said, Mr. T.T. Krishnamachari had to go. If I had ever been the Finance Minister, ... (*Interruptions*) .... and if ever I had allowed this kind of a situtation to arise where genuine and honest investors, the middle-class people, lower-middle class people, salaried people, employed people, were likely to be cheated, I am afraid, I would be simply sitting in office. I would have thought, Madam, that it was best that I went home from office .... (*Interruptions*) .... Madam, the matter is extremely serious. Madam, I am not attacking the Government's policy .... (*Interruptions*) .... I am squarely attacking the inertia of the Government, the total neglect shown by the Government towards this kind of a thing. If the Finance Ministry does not even know that this kind of a thing is happening, then, I am afraid, the Finance Ministry is not worth its salt. Thank you, Madam.

SHRI KAMAL MORARKA : Madam, will the Government react to this ? .... (*Interruptions*) ....

SHRI S.B. CHAVAN : Madam, I quite appreciate the sentiments expressed about the crash in the stock market. I am also feeling equally sorry about the way certain things have been said by some of the honourable Members. But that is not a matter in which I should go into details on the floor of the House. In fact, a message has been sent to the honourable Finance Minister and unless he comes before the House and explains the whole position, it will be rather difficult for us to say as to in what shape and form the whole things needs to be tackled.

SHRI N.K.P. SALVE : That is right.

SHRI S.B. CHAVAN : So, I will again request the Finance Minister to come to this House and inform the House accordingly.

THE LEADER OF THE OPPOSITION (SHRI S. JAIPAL REDDY) : I am on a different point. (*Interruptions*) I wrote to the Chairman and took his permission. Today there is a very important document appearing in the *Indian Express*, according

[Sh. Jaipal Reddy]

to which .... (*Interruptions*) According to this the name of the Prime Minister was linked to the note delivered by Mr. Solanki to his counterpart in Switzerland .... (*Interruptions*)

SHRI S.B. CHAVAN : Yesterday the whole thing was discussed the eadbare and time was also allotted for the Constitution (Amendment) Bill. (*Interruptions*)

SHRI S. JAIPAL REDDY : The point is that you did not agree. (*Interruptions*) The need and relevance of the Bofor issue was highlighted .... (*Interruptions*)

THE DEPUTY CHAIRMAN : Chairman had not permitted you.

SHRI S. JAIPAL REDDY : I did write to the Chairman. (*Interruptions*)

THE DEPUTY CHAIRMAN : Just a minute. Will you please bear with me ? He can write to the Chairman. Two hundred and forty-four Members can write to the Chairman. But that is not sufficient, because it is only one side of the story. If the Chairman permits, that is the other side of the picture. I have that note with me. There is no noting by the Chairman on that paper that I should permit you. So I shall not .... (*Interruptions*) There is a very important matter before me.

SHRI S. JAIPAL REDDY : Let me put the record straight. We discussed the matter in the Chamber. It was understood that we would discuss the crash in the market first, and then later on the leader of the House agreed for a discussion .... (*Interruptions*)

THE DEPUTY CHAIRMAN : You are the Leader of the Opposition. (*Interruptions*) If you want to discuss, there is a forum. I told repeatedly ....

SHRI S. JAIPAL REDDY : In the meantime we got a devastating document which belies all the statements made by the Prime Minister and Ministers in this House.

SHRI MURLIDHAR CHANDRAKANT BHANDARE (Maharashtra) : The hon. Member is reading too much in that document.

THE DEPUTY CHAIRMAN : Now we shall take up the Constitution (Seventy-first) Amendment Bill, 1990. (*Interruptions*)

Are you speaking from your seat ? Please go back to your seat and ask for the permission. This is not the proper way to just get up from wherever you are sitting. I do not have your name. Please go back. (*Interruptions*)

BOMB BLAST IN DELHI

श्री रामदास अग्रवाल (राजस्थान) : महोदया, मैं गृह मंत्री जी का ध्यान इस ओर आकर्षित करना चाहता हूं कि अभी थोड़ी देर पहले सूचना मिली है कि पीली कोठी के पास, नाबेल्टी सिनेमा के पास एक बहुत बड़ा बम विस्फोट हुआ है। पिछले कुछ दिनों से यह दिल्ली में चौथा बम विस्फोट है। मैं एक निवेदन करना चाहता हूं कि दिल्ली के अन्दर ला एंड आर्डर की सिचुवेशन इतनी विकट और खराब हो गयी है। यहां पर शासन तो है लेकिन कोई शासक नहीं है। राज्य सभा में दिल्ली का बोलने वाला प्रतिनिधि नहीं है इसलिये मजबूर हो कर मुझे इस विषय को उठाना पड़ रहा है। आखिर दिल्ली के अन्दर इस प्रकार से आए दिन हत्याकांड होते रहेंगे, इस प्रकार से लोगों को मारा जाएगा, तो दिल्ली में शान्ति व्यवस्था किस प्रकार से स्थापित हो पाएगी ? कम से कम इसके ऊपर माननीय गृह मंत्री जी को तुरन्त रियेक्ट करना चाहिये। इसके साथ-साथ मैं यह भी जानना चाहता हूं कि आखिर दिल्ली में क्या सुरक्षा व्यवस्था आप करने जा रहे हैं जिसके कारण इस प्रकार की दुर्घटनाएं जो हो रही है, उनको रोका जा सके। बार बार यहां पर आश्वासन दिया जाता है और कहा जाता है कि हम सुरक्षा व्यवस्था को मजबूत कर रहे हैं और हमने सुरक्षा को आगे बढ़ा दिया है लेकिन मुझे अफसोस है यह कहते हुए कि कितने लोग मरे हैं, कितने घायल हुए हैं, इसकी जानकारी तुरंत गृह मंत्री जी द्वारा सदन को दी जानी चाहिए।

गृह मंत्री (श्री एस० बी० चव्हाण) : उप-सभापति महोदया, यह दिल्ली का मामला है इस लिए इस के बारे में मैं शीघ्र जानकारी हासिल करने की कोशिश करूंगा और जानकारी मिलते ही यह बिजनेस खत्म होने के बाद शाम तक स्टेटमेंट किया जाएगा।

उपसभापति : होम मिनिस्टर साहब कल एक मेटर सलीम साहब ने रेज किया था। एक बच्चे को बड़ा प्रॉब्लम है जिसका लास्ट बम ब्लास्ट में पांच
